Women in Industry Project Plan

| Project title |
|---|
| |
| Introduction Describe the purpose of the project including a brief description of the business problem or opportunity that the project is trying to address. |
| |
| Project Priorities |
| ☐ Projects that support retention and challenge entrenched gender bias, negative attitudes and behaviours towards women |
| ☐ Projects that support a change in the recruitment, retention, and upskilling practices to be more inclusive of women. |
| ☐ Encouraging cultural, attitudinal, behavioural and structural change to advance gender equality. |
| ☐ Supporting women into male dominated industries/roles where there are high rates of gender segregation within these industries. |
| ☐ Projects that increase overall industry participation of women (on the tools and in leadership) |
| ☐ Activities/policies that support increase respect and ensure safety for women |
| ☐ Activities in regional and rural locations. |
| ☐ Other, <i>please specify.</i> |
| |

Project Timeline and Key Milestones

| |
| Project Governance Describe here, how the project will be managed and governed. This could include new decision-making structures that you intend establishing (such as a project steering committee) or existing committees that will have a role in directing, advising or approving matters relevant to project delivery. |
| You may also wish to include a project governance structure diagram here to show interrelationships between decision-making bodies. |
